The Caribbean has the fortune—and the misfortune to be everyone's idea of a tropical paradise. Its sun, sand and scenery attract millions of visitors each year and make it a profitable destination for the world's fastest growing industry. Tourism is increasingly touted as its only hope of creating jobs and wealth—literally, the island's last resort. Last Resorts examines the real impact of tourism on the people and landscape of the Caribbean. It explores the structure of ownership of the industry and shows that the benefits it brings to the region do not live up to its claims. New developments in ecotourism, sex tourism, and the burgeoning cruise industry are not changing this pattern of short-term exploitation of the region's resources. The book shows how Caribbean societies are corrupted by tourism and its culture turned into floorshow parody. This new edition has been extensively revised and updated. It gives voice to people inside the tourism industry, its critics, and tourists themselves, and offers vital insights into a phenomenon that is central to the globalized world of today.

CAPE Communication Studies: A Practical Guide to Paper 02 Essays has been a long time in the making but I just knew that I had to write this book for students who are looking for guidance in writing their best essays of CAPE Communication Studies Paper 02. This book is guaranteed to show you how to: • identify the writer ' s main point, purpose, organizational strategies and language techniques of Module One essay • articulate with confidence the factors that make up the Module Two essay • know what you are required to write in the Module Three essay As the title suggests this book allows you to participate in various activities all geared to perfecting your essay writing skills needed for all three essays in Paper 02. In each section of the book you are invited to work either as an individual, in pairs or in groups to complete the activities that are specifically designed to deepen your understanding of CAPE essays. This concise work possesses all that students need to thoroughly prepare for and pass this section of their CAPE Communication Studies examination.

This book represents the product of a two-year research project and a four-year personal journey to explore the relationship between migration and economic development in the Caribbean area. Does Caribbean immigration to the United States assist or impede the economic development of the Caribbean? Would the curtailment of immigration affect the stability of the Caribbean? Can a certain mix of development strategies significantly reduce the pressures for migration? What can the United States and the Caribbean countries do separately and together to improve the prospects for economic development while permitting migration at manageable levels? This book begins with these questions and ends with some answers.

The Oxford Handbook of Caribbean Constitutions offers a detailed and analytical view of the constitutions of the Caribbean region, examining the constitutional development of its diverse countries. The Handbook explains the features of the region's constitutions and examines themes emerging from the Caribbean's experience with constitutional interpretation and reform. Beginning with a Foreword from the former President of the Caribbean Court of Justice and an Introduction by the lead editor, Richard Albert, the remainder of the book is divided into four parts. Part I, 'Caribbean Constitutions in the World', highlights what is distinctive about the constitutions of the Caribbean. Part II covers the constitutions of the Caribbean in detail, offering a rich analysis of the constitutional history, design, controversies, and future challenges in each country or group of countries. Each chapter in this section addresses topics such as the impact of key historical and political events on the constitutional landscape for the jurisdiction, a systematic account of the interaction between the legislature and the executive, the civil service, the electoral system, and the independence of the judiciary. Part III addresses fundamental rights debates and developments in the region, including the death penalty and socio-economic rights. Finally, Part IV features critical reflections on the challenges and prospects for the region, including the work of the Caribbean Court of Justice and the future of constitutional reform. This is the first book of its kind, bringing together in a single volume a comprehensive review of the constitutional development of the entire Caribbean region, from the Bahamas in the north to Guyana and Suriname in South America, and all the islands in between. While written in English, the book embraces the linguistic and cultural diversity of the region, and covers the Anglophone Caribbean as well as the Spanish-, French-, and Dutch-speaking Caribbean countries.

First Published in 1991. Routledge is an imprint of Taylor & Francis, an informa company.

Verzameling papers over de taalproblematiek in de Engelstalige Cariben. Bevat ook een artikel over de grammatica van twee creoolse talen die gesproken worden in Suriname.
