**Old Saxon Math Vs Homeschool Edition: What's the Big Deal?**---

Saxon Math has consistently been one of homeschoolers' top choices when it comes to math curriculum. Saxon's incremental approach to education has been proven to be one of the most effective teaching methods; learning pieces of information in small amounts, and then continually repeating concepts keeps information fresh and active in one's mind, preventing once-learned information from ...

We started Saxon Math back in 2002 when my oldest was about 5-years-old. Even then, I purchased used Saxon math textbooks from a friend, so they were already a couple of years old. Saxon math 87 is the only grade for which we have the actual Saxon math homeschool kit. I think I ended up buying that one new because I couldn't find it used.

**7 Things Homeschoolers Should Know About Saxon Math**---

The Saxon Math series as a whole is hugely popular among homeschoolers. It is important to be aware that the Math Intermediate series (for grades three through five) and the series reviewed here (Math 5/4 and up) are very different from the Saxon program for K-3.One reason Math Intermediate and other Saxon courses for fourth grade and above are used by so many homeschoolers is that they allow ...
