Receiving ATV in the Phoenix area may be as simple as connecting a vertically polarized 430 MHz antenna to your cable ready VCR or television. The output of our AM ATV repeater, W7ATV, is 421.25 MHz, (AM) which corresponds to cable channel 57. The repeater antenna is vertically polarized.

WELCOME TO AMATEUR TV - QSL.net

Here is my .02 on CB Antenna Tuning Go ahead and pick up an SWR meter at Radio Shack and learn to use it. Its a nice little tool to have around. When you learn to use it you'll see its not a big deal to help out other folks that need a tune. Charging for it?

Where to get a CB antenna tuned in NYC? - Off-Road Forums ...

Radio Shack or one of the many other outlets. Figure 2—Drill out the rivets to remove the TV-antenna pieces. Notice the element-mounting hardware to the left; it grounds the element directly to the boom. Some of these clamps can be used to mount the directors. The phasing stubs visible below the boom can be discarded.

Radio Shack Amplified Shortwave Antenna - YouTube

The industry standard for surface mount heavy duty radio. Can be mounted it tight places or with a speclized mount accessory. 2 channel 15 x 2 which is loud enough to play over a stock exhaust system. Add a pair of surface mount speakers and a antenna and you have a simple ATV / RTV system. SAVE as a COMBO purchase if you need the whole system
